Summer 2009/2010

WE WON!

We're all quite chuffed to announce we've won the Queensland award for the Best Large Garden Centre. The nursery has won the state title for the last four years running. It's a fantastic result which we feel reflects the hard work and dedication the team's put in over the last year. The judging for the National title is only a few months away so we're all busy trying to make the place look as "winning" as possible. If you've got any ideas on how we could improve further just let us know.

Happy Horticulturists

Along with our new signage we've installed some new displays around the nursery to jazz it up and offer you some inspiration and ideas. Add a cooling effect to your garden.

Universal Rock Combo

Now is the time of year everyone's looking for gifts. We've got a great range of giftware at the moment ranging from wall plaques and animals, statues, water features, books and much, much more. Have a look around, there's something for everybody.

Where Santa does his gift shopping

Looking for some tough natives to fill a spot in the garden that require very little attention? Browse through our front display gardens to get some ideas. And remember if it grows out there it's got to be hardy because apart from a few follow up soaks after planting they don't get hand watered. We like to call it tough love.
